

## 2022 GUIDELINES FOR COMMUNITY GARDEN MEMBERS

Each garden has one or more volunteer Site Coordinators from the community who are the liaison between you and VINES. Please appreciate all the hard work they do to keep your garden running and respond to their communications throughout the season. Please read through the rules below. Note: **volunteering in the garden is MANDATORY** & essential to keep the gardens affordable for all.

1. I will pay a fee each year for each garden plot requested (as specified on the application) unless I have been given a scholarship.
2. **I will volunteer for 1 hour each month May-Oct toward common garden maintenance** (in addition to time spent on my own plot). A few possible tasks: weeding common areas, helping on workdays, mowing. I will contact my Site Coordinator for help finding tasks. If I rent 2 plots, I will double my volunteer commitment.
3. I will attend my garden's mandatory orientation set by my Site Coordinator. If I cannot make the date, I will arrange a make-up date with my Site Coordinator.
4. I will obtain my own seeds & plants for my garden bed. I will not be paid back for any items I purchase unless approved ahead of time by VINES Staff.
5. My plot will be planted by **May 30<sup>th</sup>** or within 7 days of renting the plot if after that date.
6. My garden plot and the pathways around my bed will be weeded throughout the season.
7. If my plot becomes overgrown, I will be notified by my Site Coordinator who will give a deadline for cleanup. I understand that if I fail to maintain my garden plot or follow these guidelines, the Site Coordinator may reassign my plot within 15 days and I may not be able to rent a plot in future years.
8. My plot and surrounding pathways and fences will be kept clear of litter, trash, and tools.
9. I will not pick crops from other member's beds unless given permission by them.
10. I will not use any chemical pesticides, fungicides, rodenticides or weed killers on my plots or elsewhere in the garden.
11. I will not grow any plants that are illegal under local, state or federal law, including but not limited to marijuana.
12. I will not plant any plants identified by local, state or federal as invasive species. I will also not plant other aggressive garden plants (plants that may take over the bed and make it difficult to grow other things in future years), including but not limited to mint, spearmint, catnip, and raspberries. If I would like to plant these in other parts of the garden, I will ask my Site Coordinator for permission.
13. I will not bring pets or other animals to the garden.
14. If I must abandon my plot, I will notify the Site Coordinator immediately.
15. I understand that the fees are not refundable. However, with the permission of the Site Coordinator, the plot may be transferred to someone else.
16. VINES is not responsible for items lost/stolen in and around my garden bed.
17. Community Garden Members may not use a community garden space for personal social activities, political campaigns or the promotion of any private or religious organization.
18. I understand that VINES has a sexual harassment policy in place and that the details of this policy, as well as any and all concerns, can be addressed to VINES Executive Director, Amelia LoDolce, at any time by phone at 607-205-8108 or by email at [amelia@vinesgardens.org](mailto:amelia@vinesgardens.org).

*VINES provides access to community gardens without discrimination because of race, color, religion, national origin, marital status, political affiliation, affectional orientation or gender identity, status with regard to public assistance, disability, sex, age, or any other protected characteristic as established by law.*

# VINES COMMUNITY GARDEN APPLICATION... NEXT STEPS

*Keep for your reference*

## FIRST

After we receive your application, we will figure out if there is an available garden plot at the garden you've requested. If there is, you will be assigned a garden. If there isn't, VINES staff will be in touch with you to see if there is another option for you. Once that is figured out, we will add you to the following communication systems:

- **VINES' Email List:** You will receive VINES updates on other programs, free workshops, and events
- **REMIND for VINES:** REMIND is an automated service that will provide you with community garden updates & tips directly by text or email (whichever you preferred on your application) and is how VINES communicates with its 400+ garden members!

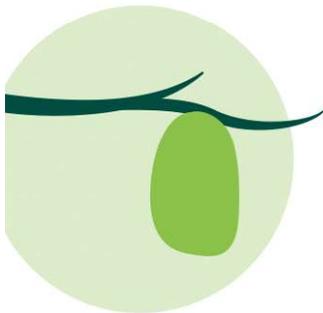

**Please note:** Returning garden members will be able to apply for garden plots first. Applications from new garden members are held until March 1, when applications are open to the public.

## THEN

VINES will provide your garden Site Coordinator with your contact information and they will follow up with you with the date of the orientation which is mandatory for both new and returning garden members.

At orientation you will:

- Tour the Garden & receive your bed assignment
- Learn composting basics
- Obtain the lock combo to the garden
- Learn where and how tools are to be stored & the function of each tool
- Determine your monthly volunteer task
- Meet your fellow gardeners and begin building a community!

## WORKDAYS AND PLANTING

Be on the lookout for emails & texts from your Site Coordinator about workdays, seeds and seedlings. VINES will provide some free seeds and seedlings that you can get through your Site Coordinator.

Workdays are really valuable because you'll get together with other gardeners to share gardening knowledge and help keep the garden looking beautiful! If you need help getting started, workdays provide great opportunities to learn from others.

**Questions? Contact VINES at: 607-205-8108 or  
communitygardens@vinesgardens.org**
